Recommendation Report

DATE: June 12, 2012

TO: Board of Trustees

FROM: Edgar Schmidt, Superintendent of Schools

SUBJECT: Approval of 2012-2013 Budget

ORIGINATOR: Brian J. Smith, Executive Director, Finance & Infrastructure

RESOURCE

STAFF: Cheryl Hagen, Jeremy Higginbotham, Angela Komick, Monika Lukas,

Wanda Musclow, Madonna Proulx

REFERENCE: May 22, 2012 Board Meeting

ISSUE

At the May 22, 2012 Board meeting, the 2012-2013 proposed budget was presented to the Board of Trustees for information and discussion.

RECOMMENDATIONS

- 1. That the 2012-2013 proposed budget of \$939,499,086 be approved.
- 2. That the Budget Report for the year ending August 31, 2013 be approved.

BACKGROUND

In February 2012, the provincial government announced the funding allocations to school boards for 2012-2013. Highlights of this announcement included a new inclusive funding allocation model and a three-year predictable funding increase.

School and decision unit allocations were provided to all leaders at the end of April with a focus towards maximizing learning opportunities and supports in the classroom with the allocations provided, taking into consideration the need to use surplus funds, review allocations, and relate them to the vision, mission, and priorities of the district plan.

RELATED FACTS

A preliminary revenue estimate using enrollment projections for 2012-2013 shows an overall revenue increase of 4.4 per cent or \$39.2 million (Attachment II). Major changes in funding can be summarized as follows:

- Base funding increase of \$9.2 million or 1.7 per cent based on enrollment changes and a 1 per cent increase in provincial funding.
- The replacement of the Severe Disabilities grant of \$33.9 million and ECS Mild and Moderate funding of \$1.6 million with Inclusive Education funding of \$52.3 million.
- A new funding allocation called Equity of Opportunity (EPSB share \$12.0 million) replacing the fall 2011 one-time funding of \$107 million (EPSB share \$13.1 million).
- An increase of 2 per cent in Plant Operations and Maintenance and Student Transportation funding. This is offset by the elimination of the Relative Cost of Purchasing funding.
- An increase in High Speed Networking funding of \$0.5 million.
- Supported capital amortization funding increases by \$6.0 million as a result of the Alberta Schools Alternative Procurement (ASAP) schools.

OPTIONS

The following option is selected for consideration as it is deemed the most admissible:

1. The Board of Trustees approve the proposed 2012-2013 budget of \$939,499,086 and the Budget Report for the year ending August 31, 2013.

CONSIDERATIONS & ANALYSIS

- A balanced budget is required due to the severe reduction in surplus funds.
- The main priority is to provide as much funding as possible to benefit students in our schools.
- The proposed budget continues to recognize some of the differences throughout the district and the allocation proposed focuses on equity as priority.
- Planned expenditures for 2012-2013 total \$939.5 million and include the planned use of \$13.9 million from school and decision unit reserve funds.

NEXT STEPS

Once approved, the 2012-2013 budget will be posted to the district's website, and the Budget Report will be submitted to Alberta Education.

Edmonton Public Schools 2012-2013 Proposed Budget Highlights

- A balanced budget is required due to the severe reduction in surplus funds.
- The distribution of funds presented will allow the maximum flexibility to schools and decision units while dealing with increasing cost pressures.
- With the priority of all students completing high school, the importance of allocating as much as
 possible to schools in order to cover expected increases in operating costs and to be able to provide
 schools with the funds to meet the needs of students has been addressed in this distribution
 proposal. This is to be balanced with the need to maintain relevant services to schools by Central
 Services.
- The increase in inclusive education grants and the change in the provincial method of allocating these funds have resulted in the need to review the current allocation method. Alberta Education funding is now based on two factors: inclusive learning supports and services funding and differential factors, such as children in care, years of education of mother, average income, refugee and the percentage who own their dwelling. A change in the allocation of funds to schools with students having special needs should allow Central Services to focus and provide more programming support to schools and students.
- A revision to the allocation of First Nations, Metis, Inuit (FNMI) funding. Using information gathered from schools, all funds received for self-identified FNMI students will be directed to these students. This reflects a change in the FNMI allocation from 2011-2012 where FNMI funds were included in the base allocation for schools where FNMI population was less than 15 per cent. Schools will work with their Assistant Superintendents to ensure the needs of students are being met. Central support will continue for FNMI students with funding provided for the FNMI and diversity department.
- Allocation of district funds to students with special needs continues to exceed funds received from
 the provincial government. This proposed distribution of funds will increase the basic allocation
 rate by 4 per cent, thereby increasing funding for special needs by just under \$10 million. ECS
 mild and moderate funding of approximately \$1.8 million has also been added to the ECS early
 education allocations.
- The proposed budget continues to recognize some of the differences throughout the district and the allocation proposed focuses on equity as a priority. Over \$129 million is allocated to a variety of specific equity needs (see Attachment V Other Supplemental School Allocations). English language learners will continue to receive an additional funding allocation to address their learning needs. Also recognized with this allocation are students who reside in high socially vulnerable areas and who attend small schools and small programs. Specific allocations have been set aside for each of these identified equity priorities.
- Focus on literacy is still a priority in this distribution model with over \$8.6 million allocated to schools for various literacy programs.
- Plant Operations and Maintenance (PO&M) and Student Transportation funding is directed to recognize PO&M and transportation needs.

1

- The need to upgrade financial and human resource reporting systems is also required. An amount of \$0.5 million has been included in this distribution. The total cost of this project is estimated to be \$2.0 million over four years.
- Enrollment projections for 2012-2013 show an overall decrease of 172 students. Students funded by Alberta Education are projected to decrease by 90. The major shifts are a reduction of 598 students at the high school level and a significant increase at the elementary level. Preliminary information shows ECS enrollment declining by 181 students (Attachment III).
- A new Budget Review Committee has been established by the Superintendent. This committee will
 review the current budget allocation model to determine the effectiveness of the current model
 used. Recommendations from the Committee members will be submitted to the Executive Team by
 November 2012 for review and possible implementation in the 2013-2014 budget.
- Unit costs have been adjusted to reflect actual known cost changes. This includes benefits and grid increment increases. Schools and decision units (DUs) have been instructed to provide for any possible negotiation settlement cost increases.
- Increases to base allocations were as follows:
 - o Level 1 increase of 3.15 per cent
 - o Levels 2, 3, 4 increase of 2.85 per cent
 - o Levels 5, 6, 7, 8 increase of 4.0 per cent
 - o Other, including Central DUs increase of 1.5 per cent
- Reductions in Central functions included the closure of Resource Development Services and the Teachers' Book Depository. Print Services will be relocated to the Distribution Centre for increased services and expandability.
- Total budget allocation to schools increased 3.7 per cent compared to 2011-2012 (Attachment V).
- District Fixed Costs (Attachment VI) are up 7.9 per cent, mainly the result of higher debt services related to the ASAP II schools and the increase in high speed networking. Central decision unit costs are up 2.2 per cent (Attachment VI).
- Schools and decision units have included \$13.9 million in operating reserve funds in this budget.
- Projecting staff levels for 2012-2013 (Attachment IX) shows an overall increase in FTE of 116 when compared to staffing projections last year at this time. As staffing adjustments are made in the summer and early fall, a report will be provided in the fall to compare 2012-2013 actual staffing with 2011-2012 actual staffing levels.
- There are a number of differences between how the projected staffing numbers are presented in Attachment IX and Attachment X, the Budget report submitted to Alberta Education:
 - o The staffing numbers outlined in Attachment IX are based on a comparison of *projected* 2011-12 to projected 2012-13, and the numbers in Attachment X are based on a comparison of *actual* 2011-12 numbers to projected 2012-13.
 - O Alberta Education now requires that any certificated staff in exempt positions be reported as non-school based certificated staff as opposed to non-instructional non-certificated staff. There are 26 certificated staff in exempt positions. This requirement explains the discrepancy between total teaching/certificated FTE and total non-teaching/certificated staff indicated on the two reports. In both reports the projected staffing numbers for 2012-13 total 7,302.7.
 - O Certificated staffing changes reported on Attachment X indicate that there is a projected decrease of 59 certificated FTE's from actual 2011-12. This represents a decrease of temporary positions, which are not normally budgeted for in the spring. The projected numbers in Attachment IX indicate an increase of 48.38 certificated FTE from projected 2011-12. This represents an increase of permanent teaching positions.

- The proposed budget includes \$24 million identified as Holdback (Attachment VII), which will address new and current unidentified special needs students' educational requirements as well as high school credit enrollment adjustments.
- The Budget Report (Attachment X) compares the approved 2012-2013 to the approved 2011-2012 budget. It does not account for changes in enrollment or other revenue and expense adjustments that are reflected in the revised budget and used for presentation purposes.
- As required by Alberta Education, the budget has been adjusted for 2012-2013 and 2011-2012 ATRF payments that were made by the province on behalf of Edmonton Public Schools. This accounts for the difference of \$42.7 million (\$35.5 million 2011-2012) from the proposed budget presented on May 22, 2012 (Attachment II).

NOTES TO THE 2012-2013 PROPOSED REVENUE BUDGET

A. Base Instruction Funding

An increase to base instruction funding of 1.7 per cent or \$9.2 million reflects a 1 per cent increase in rates and a 0.8% per cent increase in enrollment. ECS enrollment is projected to be down by 2.7 per cent, while it is anticipated that enrollment in Grades 1 to 9 will increase by 1.4 per cent. Grades 10 to 12 enrollment is expected to decline by 2.7 per cent, but will be offset by an increase in average CEUs, which is down by an overall 0.5 per cent.

B. Differential Cost Funding

Differential Cost Funding will be increased by 9.2 per cent or \$18.4 million. A 2 per cent grant rate increase will be added to most grants. Two new grants are added – Inclusive Education Funding and Equity of Opportunity. The Inclusive Education Funding model provides \$52.3 million and replaces the Severe Disabilities funding of \$33.9 million and the ECS Mild/Moderate funding of \$1.6 million.

The creation of a new Equity of Opportunity grant of \$12.0 million provides continuation of the \$107 million of additional funding from the fall (Edmonton Public Schools' portion was \$13.1 million). In addition, the proposed budget includes an 18 per cent increase to special needs transportation rates and a discontinuation of the RCPA funding of \$3.1 million.

From the preliminary revenue projection undertaken in April, ECS program unit funding has increased by \$586,000 to reflect additional students in Early Learning–Inclusive Education programs.

C. Provincial Targeted Funding

Provincial targeted funds will increase by \$0.5 million for high speed networking. AISI has been updated to include anticipated enrollment increases of 0.8 per cent and a grant increase of 2 per cent.

D. Other Provincial Support

Removal of one-time Action on Inclusion funds of \$1.97 million, but added back funds that will be unspent in the 2011-2012 budget year for Action on Inclusion of \$950,000.

E. Other Provincial Revenues

Alberta Education requires school boards to report contributions to the Alberta Teachers' Retirement Fund (ATRF) in the government statement of Revenues and Expenses. 2012-2013 ATRF payments is an updated estimate of pension paid on behalf of EPSB teachers.

F. Other Provincial Grants Increase

An increase in conditional grants, including two new grants for ASAP schools.

G. Federal Government and First Nations

A Federal grant increase of 2 per cent reflects an increase in a conditional grant provided to Metro Continuing Education for adult education programs (i.e. LINC – Language Instruction to Newcomers to Canada).

H. Other Alberta School Authorities

Other Alberta School Authorities revenue is anticipated to be down by 17.7 per cent or \$357,000 primarily due to a decrease in ERECS billings to other districts.

I. Fees

Fees are down at this time by \$692,000 due to the projected number of international students (\$395,000), which have decreased from 246 to 191. Textbook rentals and lunch program revenue from schools is projected to decrease (\$374,000), while Metro Continuing Education fees will increase by \$145,000.

J. Other Sales and Services

Other Sales and Services is expected to decrease by 37.0 per cent, including the closure of the Teachers' Book Depository and Resource Development Services. Other school and Central sales and services are also projected to be lower. Secondment revenue is reported under *Other Provincial Revenue* due to secondment of EPSB teachers to Alberta Education.

K. Gifts and Donations

It is anticipated that Gifts and Donations will be down by 2.4 per cent; however, these funds are difficult to estimate.

L. Rental of Facilities

Rental of facilities is expected to be up by 10.6 per cent or \$278,000 due to increased lease revenue on closed schools.

M. Amortization of Capital Allocations

Amortization of capital allocations funding increased by \$6 million due to support received for ASAP schools.

NOTES TO THE 2012-2013 PROPOSED BUDGET Direct School Allocations

School Allocations (Increase of 4.5 per cent)

- A. **Kindergarten, Elementary, and Junior High** regular student allocation rates increased by 3.15 per cent. Enrollment projections for ECS are below 2011-2012, but should increase as September approaches. Elementary enrollment projections are up from 2011-2012.
- B. **Senior High** allocation rates are increased by 2.85 per cent. High school enrollment is expectedly down from prior years.
- C. **Senior High Credit Adjustment** Estimated high school end of year CEU adjustments has dropped due to an increase in the average student CEUs estimated, which is now included in the senior high budget allocations line.
- D. **English Language Learners (ELL)** Increase by 3.15 per cent for Division 1, Division II and junior high; senior high were increased by 2.85 per cent; ELL foreign born allocations were increased by 4 per cent. Number of ELL students has increased significantly.
- E. **International Students** increased by 2.85 per cent; however, the projected number of students has declined by 55.
- F. **Special Needs Levels 1 to 3** increased by 3.15 per cent.
- G. **Special Needs Levels 5 to 8** increased by 4 per cent the number of students in this category has also increased.
- H. **Institutions** Allocations are based on an increase in students and includes a 2 per cent increase in provincial funding.

Other Supplemental School Allocations (Increase of 1.2 per cent)

- I. Class Size Funding Allocations are provided to lower class sizes and are targeted to ECS to grade 3 students. The decrease is based on removal of one-time funds for grades 4 to 6 class size. Class size allocations include a provincial grant increase of 2 per cent and an increase in the number of ECS to grade 3 students.
- J. **POM Custodial** Increase of 8.2 per cent is a result of savings in the utilities budget that has been transferred to school POM to cover shortfalls.
- K. **Inclusive Learning-Early Education** Based on an increased number of students, which reflects current program delivery.

- L. **Multiple Program Allocation** Eligible to all schools that offer multiple programs and/or have a total school enrollment in their regular program of less than 275 students.
- M. Literacy Intervention Funding provided to elementary schools to support literacy and reading intervention programs.
- N. **FNMI** Aboriginal funding provided in 2011-2012 was renamed FNMI allocation. The previous \$1.1 million has been increased to \$5.7 million and distributed on a per student basis using self-identified student data.

O. Program Enhancement Allocations

New to District allocation has increased to provide funds for special needs (levels 7 and 8) students who are new to the district during the 2012-2013 school year.

Guaranteed enrollment has increased to provide funding based on minimum enrollment guarantees for all district-approved special education sites.

Transition grant has increased and provides funding for Transitions at the YMCA, Park Place, and L. Y. Cairns.

Special education establishment facility and program grants have both increased. The new establishment grant was used to fund start-up costs for ASAP II and is reduced during the 2nd year of operation of these new schools.

P. In-service/Professional Development

Allocation provides funds to schools to support collaborative and continuous learning by district staff. 2011-2012 allocations included one-time AISI allocations of \$3.5M, which are not continued. The new cycle five AISI allocations are based on current provincial AISI funding of \$5.6M. AISI funds are distributed to schools (\$1.8M) and central (\$3.8M). Board supported in-service/PD has increased by 1.5 per cent.

Q. Other Miscellaneous Allocations

Other services allocations increased by 1.5 per cent, providing schools funding for other services, such as Information Technology Services.

Addition to Basic is provided to schools with unique operating needs, such as Academy at King Edward, L.Y. Cairns, and Tevie Miller. The funds provide a top up of the per student level allocations. Allocations have reduced due to greater increases in the rates for level 5 to 8 students.

Holdback facility allocations are provided for use of closed building space. Staffing costs were rolled into school level allocation rates for 2012-2013.

Designated receiving school and ESHIP space allocations were discontinued for 2012-2013.

R. **Inclusive Learning–ERECS** – Increase of 2 per cent represents the provincial funding targeted to EPSB for provision of ERECS special needs, consulting services, professional in-service, and assessment services within our district and to other northern districts in the region.

- S. **High Social Vulnerability** Increase by 1.5 per cent. Funds are provided to reflect high needs school populations and is based on both student and statistical data that indicate social vulnerability.
- T. **Learning Resource Credit** is reduced based on historical usage of credits on purchases from the provincial Learning Resource Centre.
- U. **Outreach** Allocation for Outreach program leases of \$440,811 is increased from 2011-2012 levels of \$350,000 and matches provincial Outreach base funding grants. Funding previously allocated to new directions of \$425,000 is no longer provided as a separate program grant to Outreach.
- V. **Community Use of Schools** Amounts allocated to schools based on the community use of schools after hours and is part of the joint use agreement with the City of Edmonton.
- W. School Generated Funds include school-based revenues, some of which are collected and retained at the school for school-based activities. Revenues are collected as fees, fundraising, other sales and services, donations and other revenues, such as grants. School activities are varied based on community expectations and provide enhancements to the budget allocations, including field trips and other extracurricular activities. Board approved school fees include textbook rentals, music instrument rentals, and supervision of lunch programs.

NOTES TO THE 2012-2013 PROPOSED BUDGET Other Allocations

District Level Fixed Costs (Increase of 7.9 per cent)

- A. **Debt and Fiscal Services** Increase of supported capital amortization costs on ASAP school buildings. These costs are fully supported by the province.
- B. Utilities decrease of 8.7 per cent is based on new contracts that reflect lower prices for natural gas.
- C. **High Speed Networking** Increased provincial funding to cover costs of high speed internet at schools.

District Level Committed Costs (Increase of 2 per cent)

- D. **Student Transportation** Provincial grant increase of 2 per cent in addition to increases in the fuel price contingency. ECS special education funding rates have also increased by 18 per cent.
- E. **Action on Inclusion** One-time funding from the province for EPSB role as a change agent for Action on Inclusion. 2012-2013 amounts represent unspent funds from 2011-2012.
- F. **Election** Increase of \$150,000 reflects the actual costs of trustee elections and EPSB share of municipal costs. Amounts are set aside each year to provide the funds in the year of the election.

Central Decision Units (Increase of 2.2 per cent)

- G. **Corporate Services** Increase of 2.6 per cent is greater than the allocation increases of 1.5 per cent and is based on restructuring of the Board and Superintendent office to include staff working on policy review to be moved under Corporate Services. The increase is offset by a decrease to the Board and Superintendent office.
- H. **Student Learning Services** Increase of 3 per cent. Inclusive Learning allocation has increased in order to maintain service levels. Support for staff and students decreased due to transferring funds to support service levels within the Inclusive Learning decision unit.
- I. **Finance and Infrastructure** Increase of 2.1 per cent reflects a decrease in Finance and Infrastructure as a result of restructuring office duties and not filling a vacant staff position. Increase in Financial Operations is due to a new structure and responsibilities within Budget Services to provide supports to early learning sites.
- J. **Board and Superintendent of Schools** Decrease of 2.3 per cent; restructuring resulted in movement of staff to Corporate Services.

HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2012/2013 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

Budget Highlights, Plans & Assumptions:

The district vision, mission and priorities were a key focus in the budget preparation and resulted in a funding allocation that provided as much funding to benefit students.

Continuation of identified allocations to schools to recognize a variety of diverse student needs including support of English Language Learners, students who reside in high socially vulnerable areas and those students who attend small schools and small programs.

The 2012/13 budget is compared to the 2011/12 Final approved budget in June of the prior year. Each year, administration also provides a fall revised budget for information to the Board of Trustees.

The district has prepared a balanced budget and plans on supplementing the current revenues with \$13.9 million from operating reserves for planned spending in school's and central decision units during the 2012/13 school year.

Total Revenue of \$925.6 million (Including ATRF of \$42.7 million) increased by \$58.0 million from the 2011/12 Final Approved Budget and includes an increase in the estimated Alberta teacher Retirement fund payments made by the Province on behalf of our teachers of \$7.2 million and an increase in all other revenues of \$50.8 million.

Revenue includes reporting of the current and past service costs of the Alberta Teacher Reitrement Fund (ATRF) of \$42.7 million, which has been added to both government revenues and certificated benefit costs under expenses.

Revenue budget increases compared to the revised fall budget are \$32 million, compared to \$50.8 million, the difference from Approved budget is due to the reinstatement of Provincial one-time funding of \$13.1 million as well as enrolment increases that occured and were added in the fall revised budget.

Total Expenses of \$939.5 million (Including ATRF of \$42.7 million) increased by \$53.0 million, removing the ATRF increase the increase is \$45.8 million.

Planned spending from reserves of \$13.9 million are down from \$18.8 million in the 2011/12 final approved budget .

Enrolment projections for 2012/13 of 80,595 students show an overall decrease of 172 students from 2011/12 actual student enrolment. The major shifts include a reduction of 598 students and 280 students at the high school and junior high respectively and a 964 increase in elementary students. Preliminary ESC enrolment is declining by 181 students.

Board and System administration costs are 3.3%, which is below the 4% spending limit.

Significant Business and Financial Risks:

Projected use of surplus funds to support the 2012/13 budget will bring the reserve balances to under 1% of District Operating Revenue at August 31, 2013. At this level of reserve funding, flexibility in dealing with uncertainty in costs as well as emergent costs that arise from unforseen events may cause financial difficulties.

ANTICIPATED CHANGES IN NET ASSETS SUMMARY- 2012/2013 BUDGET REPORT

The following explains the anticipated changes to Unrestricted Net Assets, Investment in Capital Assets, Operating Reserves and Capital Reserves for 2011/2012 and 2012/2013 and breaks down the planned additions to unsupported capital.

2011-12 Board funded capital asset additions includes IMR capital project spending of \$2.5M as well as other unsupported capital purchases at schools and decision units of \$5.6M.

Operating reserve balances are expected to be reduced from an initial balance of \$27.5 million in August 31, 2011 to \$7.8 million in August 31, 2013. The balance remaining in operating reserves equates to 0.8% of the total district revenue and is the equivalent of 1.7 days of operation.

District operating reserves are being supplemented through expected savings from the net of capital amortization costs less board funded capital additions, which is \$8 million in 2011/12 and \$7.5 million in 2012/13. Without the planned use of capital funds, operating reserves would be in a significant deficit position. The use of capital funding is not sustainable as capital assets will need to be replaced in future years.

Emergent Capital requirements may impact the accumulated operating posiiton significantly.

NOTES:

- 1) Enrolment is to be completed WHEREVER APPLICABLE and are 'as at September 30th' for each year.
- Budgeted enrolment is to be based on best information available at time of the 2012/2013 budget report preparation.
- 3) The # of FTE grade 10-12 students is determined by taking the total # of students' credits / 35; where 35 CEU's = 1 FTE.
- 4) Other Grade 1-12 students that are not eligible for base instruction funding from Alberta Education include First Nations students living on reserves for which tuition fee payments are made from Band or INAC (Code 330), students younger than 5 1/2 or older than 19, and out-of-province and foreign students.
- 5) Because they are funded separately, Home Education students are not included with total net enrolled students. In the blended program, funding per student is pro-rated on the percentage of the student's program which is taken at school and at home; home education students are assigned a weighting of 0.25 FTE for base funding.
