SUBJECT: Programming For At-Risk High School Students

ORIGINATOR: C. McCabe, Executive Director

RESOURCE
STAFF: Bruce Coggles, Shirley Keith, Noella Steinhauer, Jean Stiles,
Hans Van Ginhoven

INFORMATION

Alberta Education and Edmonton Public Schools have identified “students at risk “of not completing high school as an area of concern and targets have been developed to increase the number of students who successfully complete their high school programs. All high schools have developed plans to address this initiative. Tonight four high schools will share examples of high school programming designed to keep students in school.
