Background

The existing policy has been in place since May 1999. The policy has been reviewed by staff in Personnel Staff Relations and Support Services. A small editorial change is recommended.

Rationale

This policy continues to guide the supervision and evaluation of staff in the District. An editorial change is recommended as Alberta Learning Policy 2.1.5 is now known as Alberta Education Policy 2.1.5.

Responses were received from 39 people on the web survey. Sixty-four percent were staff members, 26% were administrators, five percent were parents and five percent were community members. Eighty-two percent indicated the policy was clear, 89 % said there were no additional elements needed and 94% indicated nothing should be deleted from the policy.

Additional clarification was requested regarding how standards are defined. There were two comments on the need to hold supervisors accountable for the completion of performance evaluations. One community member indicated that the public wanted more than a summary

response regarding the performance of staff. Other points mentioned by the survey respondents are addressed in the administrative regulation.

Representatives from our staff groups reviewed this policy, and none saw need to change the policy. Some changes are contemplated in the administrative regulations as a result of feedback from the staff groups. Consultation is on-going with all our staff groups to ensure that our evaluation processes are fair and seen to be fair.
