INFORMATION

BOARD REQUEST #199 MARCH 10, 2009: HAS CONSIDERATION BEEN GIVEN TO USING SCHOOLZONE OR SCHOOL BULLETIN BOARDS AS A METHOD OF DISTRIBUTING INFORMATION ON POLICY REVIEWS? The administration uses several communication mechanisms to inform the public of opportunities to provide input to board policy reviews. This includes notices to Parents as Partners, information for school newsletters, the District website and targeted e-mails. District news items posted in SchoolZone, are typically directly relevant to normal SchoolZone use by students and parents. Information provided to schools for newsletters or e-mails to staff could be posted on school bulletin boards at their discretion.
