In response to provincial requirements for an annual three-year education plan, an updated three-year education plan for the district (Attachment I) has been developed based on the district's budget planning process. The plan is prepared by a team of staff and aggregates results already reviewed by trustee sub-committees. After review and approval by the board, the report will be submitted to Alberta Learning.

Copies of the Edmonton Public Schools' *Three-Year Education Plan, 2001-2004* will be made available to schools, school councils, and central services departments. The report will also be placed in public libraries and made available to the community through the district's Internet web site: <http://www.epsb.ca>.
