ISSUE

In keeping with the Board's desire to eliminate board regulations, it is recommended that Board Regulation IEC.BR - Student Admission to the District be replaced.

RECOMMENDATION

1. That Board Policy IEC.BP – Student Admission to the District (Attachment I) be considered for the first time.
2. That Board Policy IEC.BP – Student Admission to the District (Attachment I) be considered for the second time.

BACKGROUND

On October 11, 2011, a version of the proposed Board Policy IEC.BP - Student Admission to the District (Appendix I), was reviewed for first and second reading by the Board of Trustees. As a result of that discussion, the Administration initiated further review leading to the reconsideration of the wording of the policy. The new policy (Attachment I) reflects the recommendation the Administration believes is appropriate.

RELATED FACTS

- Board Policy IEC.BP – Student Admission to the District was reviewed by the Policy Review Committee on January 12, 2012 and approved to be posted for stakeholder input.
- In keeping with direction from Administration statements in the October version of IEC.BP that come directly from the *School Act* are not included in the final policy since they are deemed to be redundant to obligations to support the *School Act*.
- A policy review web survey was conducted in accordance with board policy review procedures and was open for input from January 25 to February 22, 2012. Key stakeholder organizations and partners were notified of the policy review process and survey.
- There were 37 responses to the web survey: 14 parents, 11 community members, one community/professional organization, two principal/decision unit administrators, and nine staff members.

The majority of the respondents (83.8 per cent) did not believe that the policy required clarification; 89.2 per cent indicated there should be no additional elements considered in this policy; and 75.7 per cent of respondents answered "no" to the question "are there elements of this policy about which you have concerns?"

CONSIDERATIONS & ANALYSIS

- The current detail in the existing Board Regulation IEC.BR – Student Admission to the District has been removed and replaced in the proposed policy by a broader statement that indicates the Board’s position and values in keeping with Board Policy CH.BP – Policy Development and Review.
- The majority of web survey respondents approved the proposed Board Policy IEC.BP – Student Admission to the District.

NEXT STEPS

Pending approval of the first and second considerations, Board Policy IEC.BP – Student Admission to the District will be brought to Board on June 12 for third consideration and final approval.
