• **Community Relations Activities**

1. Trustee Hansen noted that five trustees attended the Public School Administrators Association annual Bids for Kids function on May 3, 2002 at the Shaw Conference Centre. He had spoken to the PSAA president today and been advised that they had raised over \$20,000 to send kids who would otherwise not have the opportunity to summer camp under the auspices of the Boys' and Girls' Club. On behalf of these young people he expressed his thanks and appreciation to Mr. Doug Luellman and CUPE Local 474 for their efforts in ensuring that this function could proceed smoothly without trustees and teaching staff facing picket lines. He also thanked them for their commitment to allow high school graduations functions which are the culmination of public school for many of our students to proceed without facing labour constraints. He asked that this expression of thanks on behalf of the young people and high school students be passed on to Mr. Luellman and CUPE 474.

2. Trustee Odynski noted that Friday, May 3, 2002 she had attended the initial and inaugural fundraising event of the Early Years Society which is intended to raise funds for early intervention and head start programs. Honourary chair of this function was Lieutenant Governor Lois Hole. It was also chaired by MLA Mary O'Neil and MLA Ian McClelland. It was very well attended by MLAs from Edmonton, City Councillors and Principal Gabe Mancini. It was of interest to note that both Lieutenant Governor Lois Hole and MLA Mary O'Neil made reference to the fact that they had both served as trustees and that is where their recognition of the critical importance of support for preschool children first took hold and it is because of that recognition of the importance of early intervention programs in supporting and enhancing student success that they went on to spearhead this fundraiser.

How is the acceptance or denial of those students communicated?
