INFORMATION

During the period November 1 to 18, 2005 trustees in subcommittee reviewed the 2004-2005 results of approximately two-thirds of the district's schools and each of the central departments. The superintendent reviewed the other one-third of the schools. The results review documentation for all schools and central departments will be placed in the Main Branch of the Edmonton Public Library. As well, school results review documents are available to the public at each respective school. Central results review documents are available to the public at each respective decision unit. Each school has shared its results with its parents and community.

Trustees may wish to comment on the results achieved or not achieved by schools and central departments that they reviewed, and on the implications of these results for current and future planning. Copies of the records of meetings for trustee results reviews were provided to trustees under separate cover.
