SUBJECT: Policy and Regulation Update: FB.BR School Reopening

RECOMMENDATION

1. That the proposed board policy, FB.BP School Reopening (Appendix I), be approved.
2. That board regulation FB.BR, School Reopening, be rescinded.

The proposed new board policy (Appendix I) is identical to the existing board regulation except for the references to civic census data. Where the regulation refers to children from public supporting families, the proposed policy refers to public supporting children. This reflects a change to the civic census form that was implemented in the most recent census in 1999 (Appendix II). The new form required that each individual in a household be identified as public supporting or Catholic supporting.

Reframing the board regulation as a policy is part of the district's ongoing effort to replace all board regulations with board policies and administrative regulations.
